School Profile 2021-2022

International Baccalaureate (IB) for All

Founded in 1998, Sturgis Charter Public School adheres to an “IB for All” philosophy, providing students with access to the International Baccalaureate (IB) Programme — a global-minded, rigorous, and comprehensive curriculum. Our commitment to equal access makes Sturgis quite unusual as students are not preselected for admission into IB classes. In fact, all eleventh and twelfth grade students take all of their coursework in the IB Programme. We are a full inclusion school, with a strong student support system that adapts to meet students’ needs. This approach offers students the access and tools necessary to succeed in one of the world’s most challenging college preparatory programs. Sturgis maintains that holding high standards and high expectations of all students leads not only to high achievement, but also to college readiness and the development of more inquiring and caring minds. Because of Sturgis Charter Public School’s unique support system for students, high standards, collaborative student culture of peer support, and strict graduation requirements, course failure in upperclassman courses is uncommon. Sturgis’ membership in the International Baccalaureate Organization (IBO) is fundamental to its charter. IBO is a worldwide consortium of schools that holds its member schools and students to high standards for academic excellence, creativity, and service within the classroom and beyond.

Sturgis is nationally recognized for its student success. In 2019, U.S. News and World Report rankings recognized Sturgis as the #3 high school in Massachusetts. Nationally, Sturgis was ranked #27 for College Curriculum Breadth. Sturgis was also featured by authors Jal Mehta and Sarah Fine in their 2019 book *In Search of Deeper Learning: The Quest to Remake the American High School* (Harvard University Press). In its 2017 High School Challenge Index, The Washington Post recognized Sturgis as the #3 public school in Massachusetts and #132 in the United States. Additionally, Sturgis is the only American public school included in the IB Organization’s 50th anniversary documentary, *Education for a Better World*.
